

LigthLevelSensor::showChoice

```
graph LR; A[LigthLevelSensor::showChoice] --> B[LigthLevelSensor::getLigthLevel];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'LigthLevelSensor::showChoice'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'LigthLevelSensor::getLigthLevel'.
